Separate Title! No Body Corporate!

There are very few separate title two bedroom townhouses in Weston Creek and even fewer with internal access from a garage! Don't miss your opportunity to secure this single level property as they are hotly contested.

The front garden with lawn area is an ideal place for children and pets to play. A private courtyard at the rear of the property is another huge bonus.

One of the great features of this property is the internal access from the garage that has a remote controlled door. The gardens are low maintenance and there are very few steps making it perfect for people with mobility requirements.

Price: \$770000
EER: 3
